

NEVADA SOCIETY FOR DERMATOLOGY
& DERMATOLOGIC SURGERY (NSDDS)

2021 NSDDS Annual Meeting PROGRAM

September 10-12, 2021 | Lake Tahoe, CA

About NSDDS

NSDDS was founded in 2018 to fill a void in the state of Nevada for an organization dedicated to promoting the educational and professional interests of dermatologists and dermatologic surgeons; providing a vehicle for advocacy and public educational efforts on behalf of dermatologists, dermatologic surgeons and their patients; and addressing socioeconomic issues that impact the practice of dermatology and dermatologic surgery in the state of Nevada.

Letter From the President

Dear NSDDS Members and Colleagues:

On behalf of the Nevada Society for Dermatology and Dermatologic Surgery (NSDDS) Board of Directors, welcome to our inaugural NSDDS Annual Meeting. Thanks for being with us this weekend! After the challenges of the past year and a half, we are looking forward to being together and learning from each other in a relaxing, safe environment.

The planning for this meeting has been a labor of love. I want to extend my sincerest gratitude to your Board of Directors, especially the Annual Meeting Planning Committee comprised of Drs. Jennifer DePry, Irene Mannering and Doug Fife, for their tireless dedication to creating this valuable, enjoyable educational experience. I'd also like to thank the SAMI team for their commitment to making the meeting a success.

The program has been designed to offer a mix of topics for the dermatologist / dermatologic surgeon delivered by experts in the field.

Ample time has been incorporated into the program for networking in the Exhibit Hall and during social events with colleagues and industry representatives while you enjoy coffee breaks, meals and great conversation.

We selected the Resort at Squaw Creek because of the amazing experience it offers. It is truly a luxurious hotel nestled in a breathtaking, stress-free setting. I encourage you to indulge in all the amenities the resort has to offer.

Following what I'm sure will be an amazing kick-off, keynote presentation by Christopher Zachary, MD, on Friday evening, we've planned a dessert reception in the Exhibit Hall. On Saturday, Gallery Keoki will be the site of our evening reception. It's a short walk into the Village. Other activities include yoga each morning and a guided hike through Squaw Valley, weather permitting. Everyone is welcome and encouraged to attend these events.

We are confident that the NSDDS Annual Meeting educational and exhibits schedule will provide a robust experience for you throughout the weekend. It is our hope you have an amazing meeting filled with new connections and ideas that continue to ignite your passion for dermatology. We look forward to seeing you throughout the weekend!

Sincerely,

Whitney Hovenic, MD, MPH

Resort at Squaw Creek — Ballroom-Lobby Level

NSDDS is following CDC and local COVID-19 protocols. Social distancing is encouraged, and mask wearing is recommended.

We want you!

NSDDS is looking for members interested in serving on the Board of Directors, which is responsible for the supervision, control and direction of the affairs of the Society. It determines organizational policies, the disbursement of funds, programs and services of the organization and is an organizational champion/advocate. The Board is composed of the President, Vice President, Secretary, Treasurer, Immediate Past President, and three Directors-at-Large. The Board members meet monthly via conference call to discuss and decide Society business.

Involvement on the Board is great experience and gives you the opportunity to make a difference for the dermatologists and dermatology patients in the state of Nevada.

For more information or to volunteer, please contact Kathy Duerdoth at kduerdoth@samiworks.net.

Not an NSDDS Member? Join today at nsdds.org/membership.

Dermatologists, clinical staff, industry representatives, and medical students alike are eligible for membership.

Be a part of our growing organization and help us reach our goals of promoting the educational and professional interests of dermatologists and dermatologic surgeons, providing a vehicle for advocacy and public educational efforts and addressing socioeconomic issues that impact the specialty in the state of Nevada.

Your membership benefits include:

- Opportunities to lead and influence legislative and regulatory policymaking that impacts you and your patients.
- Quarterly Society communications on happenings in the state of importance to Nevada dermatology/dermatologic surgery practices from the NSDDS President.
- Quarterly webinars at no additional cost.
- Networking opportunities with dermatology colleagues who practice in the state of Nevada at NSDDS events.
- Exclusive member-only discounts on educational programs, including the Annual Meeting.
- Exclusive members-only access to educational content and information on the website.
- Listing on the "Find a Dermatologist" on the NSDDS website.

Continuing Medical Education Information

Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society for Dermatologic Surgery (ASDS) and Masters Program in Laser Education (MPL). The ASDS is accredited by the ACCME to provide continuing medical education for physicians.

AMA PRA Category 1 Credit(s)[™]

The ASDS designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives

At the conclusion of this activity, participants should be able to:

- Discuss new and emerging treatments and therapies for dermatologic conditions and assess if they are appropriate for implementation into their daily clinical practice.
- Cite melanoma guideline updates and latest melanoma treatment therapies.
- Summarize new advances in dermatologic surgery.
- Strategize methods to enhance advocacy efforts at the state level.

Collection of Financial Relationships

The Joint Providers collect information from all planners, faculty, and others in control of educational content about all their financial relationships with ineligible companies (companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients) within the prior 24 months. There is no minimum financial threshold; individuals must disclose all financial relationships, regardless of the amount, with ineligible companies. Individuals must disclose regardless of their view of the relevance of the relationship to the education.

Identifying and Mitigating Relevant Financial Relationships

The Accredited Provider reviews all disclosed financial relationships. Financial relationships are relevant if the educational content an individual can control is related to the business lines or products of the ineligible company. The Accredited Provider takes step to mitigate relevant financial relationships to ensure that those with relevant financial relationships do not insert/include commercial bias into content.

Disclosure of Financial Relationships

Relevant financial relationships are disclosed to learners prior to the start of the educational activity via publication and/or disclosure slides and/or verbal disclosure. Disclosure provides learners with information so that they can make their own determination whether or not disclosed relationships influenced the content of an educational activity.

Unapproved Use Disclosure

Faculty are required to disclose to learners when off-label use of products or procedures are being discussed (not approved for the indications being discussed) or experimental and/or investigational (not FDA-approved). These disclosures are intended for continuing medical education, not to promote off-label use of products/procedures. If attendees have questions, they should contact the medical affairs department of the manufacturer for the current approved use information.

Disclaimer

Attendees understand that medical knowledge is constantly evolving, and that the views and techniques of faculty are their own and may reflect innovations and opinions not universally shared. The views and techniques of faculty are not necessarily those of the Joint Providers, but are presented to advance medical education and should be based on best available medical evidence. NSDDS and ASDS disclaim any and all liability arising out of information presented in this symposium, and also disclaim any and all liability for injury or other damage resulting in any way from attendance and participation in this educational activity.
